

New CGR Category: "Ranger"

Have you ever wondered what it would be like to shoot modern firearms at a cowboy match? Well here is a new category where you can do just that! The theme of this category is in the spirit of the modern western law enforcement officer. Shooting modern guns and dressed like your idea of a contemporary western law-dog.

Cascade Ghost Riders are in the category design phase so the rules are general guidelines for now. Here is an example of how you might consider shooting this category:

Outfit: Any contemporary modern western wear that might include: Western hat, boots, bola tie, long-sleeve western shirt, jeans, jacket or vest, and a visible badge is a must.

Firearms:

Rifle – Any pistol caliber rifle to include, pump, lever, or semi-auto action. You may have an optic as well i.e. red dot, scope, laser, holographic.

Pistol – Any pistol caliber revolver or semi-auto chambering in 32 caliber or higher. Double action wheel guns with speed loader or semi autos with extra magazines. This category may only have one handgun.

Shotgun – Pump, Double, or Semi-auto in 20, 16, or 12 gauge.

Belts, Mag Pouches, and Holsters – for now, any and all gear necessary to safely transition through a normal cowboy stage. Any modern material is acceptable to include nylon, kydex, or cordura.

Ammunition may not be jacketed. Think Wild Bunch and you are good to go. There will be no power factor. This is only a fun category so whatever it takes to work your action and make noise on steel targets.

Rules of Engagement: This will be very similar to SASS Wild Bunch category with the exception that you may load as many rounds into your magazines at the beginning of the stage but must down completely empty guns before moving to the next gun. There will be more information as this category progresses in development.
